

Intripid

Your personal travel tracker

Create Trips

Get started by creating a trip - give it a name and add your travel buddies. Intripid keeps your travel memories for a lifetime.

Add Photos

since a picture speaks a thousand words, why not let your photos speak of the adventures you have been on. Intripid stores your travel photos and keeps track of the places you've visited.

Add Journals

Travel journals are time capsules of your memories and emotions. Take a moment to jot down your thoughts while you are on the road.

View Statistics

Where have you been in the world? Intripid provides a detailed overview of your journey, including statistics such as the number of trips, countries visited and your total photos & journals.

"I loved that the app was able to automatically organize and categorize all the photos I took by location and time because I often lose track of the photos I took."

"The interface is really clean and easy to use!"

"I like how the map view is able to give me a visual perspective of the places I have visited"

"The interface is clean, intuitive and playfully interactive"
